American Board of Ophthalmology®
ADVANCING EXCELLENCE IN EYE CARE

George B. Bartley, MD
Chief Executive Officer

Beth Ann Comber
Chief Operating Officer

VERIFICATION OF BOARD CERTIFICATION STATUS

Kyle Douglas MacLean, M.D.
Irving, Texas, 75063
United States

Below is the certification status of this physician as verified on **October 30, 2026**.

Certification by the American Board of Ophthalmology (ABO) is the only certification in eye care and eye surgery recognized by the American Board of Medical Specialties (ABMS). ABO certification is granted to physicians who meet a series of accredited medical training requirements in ophthalmology, sign a practice pledge indicating their intent to practice with compassion, integrity, and respect for human dignity, and complete an intensive evaluation process.

Ophthalmologists who meet the requirements for initial certification become diplomates of the ABO and earn a certificate valid for 10 years, which may be renewed through participation in the Continuing Certification program, which reverifies clinical knowledge, judgment, and skills through the Quarterly Questions® assessment program. Certificates issued prior to July 1, 1992 were issued without expiration dates and are valid throughout the diplomate's practice lifetime, even if the diplomate has voluntarily enrolled in Continuing Certification.

Name:	**Kyle Douglas MacLean, M.D.**
ABO ID:	**35707**
Status:	**Certified (Time-Limited)**
Certificate Validity:	**September 13, 2020 - December 31, 2030**
	Participating In Continuing Certification

Our website, abop.org, is the primary verification source for board certification by the ABO. Status updates are performed on January 1 and July 1. For real-time verification, visit the ABO's website or contact us at 610-664-1175 from Monday through Friday, 8:30 AM to 4:30 PM ET, or by email at info@abop.org.
